RE: Martin-Brown/Wilford #2 S/007/037

In Reply Please Refer to Case No. 02-1588

Dear Ms. Burns:

The Utah State Historic Preservation Office has reviewed our cultural resource files for the requested area of potential effect. It appears that the application has the potential to affect several historic mines depending on where the sandstone boulders are removed from. Many of the historic mine ROW's for track and mine entrances are lined with sandstone.

The USHPO recommends a cultural resource survey of the project area.

This information is provided to assist in identifying historic properties, per §36CFR800 for Section 106 consultation procedures. If you have questions, please contact me at (801) 533-3555. My email address is: jdykman@utah.gov

As ever,

James L. Dykman
Deputy State Historic
Preservation Officer - Archaeology
